

Fast Vigil Endorsement Form

For the DREAM Campaign

From September 13th to September 25th, students and supporters will be holding a two-week DREAM Fast Vigil, the most dramatic grassroots effort around the student legalization legislations to date. Despite our efforts for the past two years, our congressional leaders have not made the DREAM Act a priority this year. It is time for community members and organizations to bring DREAM Act efforts to a higher level by demonstrating urgency and addressing accountability of Congressional Representatives..

National Goals:

1. Ultimately Pass the DREAM Act
2. Deliver the 100,000 petitions that were collected earlier this year to the White House
3. Generate positive local and national media coverage

Local Goals:

1. Have chancellors from UCLA, USC, Santa Monica College, Pasadena Community College, and Santa Ana College to write a support letter to Senate Majority Leader Bill Frist (R-TN).
2. Have both Senator Feinstein and Boxer write a support letter to President Bush and participate in a 24-hour solidarity fast with the students.
3. Get Christopher Cox and Loretta Sanchez's co-sponsorship for the Student Adjustment Act.
